

## 1. SCAN, SORT, AND EARN

At least 35 present or past tense verbs can be found in this puzzle. *Scan*, *sort*, and *earn* are three such words. The letters of each word must be in a box either adjacent to or diagonal to each other. Though the same letter can be used twice in a word, no letter can be used consecutively. You must move from one letter to another. Write your words on another sheet of paper. Each word is worth 1 point. So *scan* the puzzle, *sort* the letters, and *earn* your points!

K	O	S	C	A
R	O	H	R	N
T	D	E	A	T
E	I	B	L	K
