

Complete your 1st essay

You will read the full information that an essay requires to be complete. Check your first essay and complete it if needed (use just 1 subtitle to practice).

INTRODUCTION

General statement [The statement gives context to your reader.]

Thesis statement [Main focus of your essay, this should be as specific as possible; it has to be, the discussion vs argument.]

Organizational statement [Introduces the points you will be making to support your thesis]

BODY [Should be composed by the points you use to support your thesis; each subtopic requires the following information: Subtitle, Research, Analysis, and Concluding Sentence.]

POINT 1

Subtitle _____

Research [Evidence that will be used to explore the idea]

Analysis of research [Explain how this proves or backs up your thesis sentence.]

Concluding statement [End the paragraph by attaching the point back to the thesis statement and lead into the next point.]

CONCLUSION

Summary [Summarize the main point of your essay and re-state your thesis.]
