

For each question, choose the correct answer.

The Rabbit Troy

My name is Sue and I have one (1) _____ brother called John. We love nature and we have lots of pets. We have (2) _____ five rabbits and three birds. The birds live in a big cage. The rabbits live in the garden, they are grey, and their fur (3) _____ very soft. John keeps his favourite rabbit in a cage in his bedroom. This is the smallest rabbit, it's called Troy.

Last Sunday morning, John was in the garden playing with Troy. (4) _____ he came running into the kitchen "Dad, Mom, Sue!", he shouted, "Troy escaped, he's on the street". Mum came (5) _____ from the kitchen "Oh dear!" she said. "Tell us what happened." "I was playing with Troy," said John "...and then I opened the door, and after a few minutes, I looked (6) _____ him and he was not in the garden, he was on the street."

"I've got an idea," I said. "Troy loves carrots and lettuce. Let's put a carrot and some lettuce in the garden. When he gets hungry, he'll come back home." "That's a good idea," Mom said. John went into the kitchen and got some vegetables. He went to the garden and put them in front of the door. Then we heard a noise, it sounded like John was laughing. "Troy is in the garden already!" he shouted. "He's waiting for more dinner".
