

For each question, write the correct answer. Write one word for each gap.

My favourite subject

One of the things I like **(1)** _____ my new school is my science class. We have an excellent teacher named Mr. Hector. He is a kind and good teacher. He makes **(2)** _____ laugh when he talks about nature. I love listening **(3)** _____ the many interesting stories he tells us. Today, he talked about last year, **(4)** _____ he spent his holidays in Brazil with his family. He went to the Amazon rainforest and explained everything about the animals and plants he saw.

In class, we sometimes look at pictures of different habitats and explain them to other classes. That helps me to understand better. We like to take pictures of nature everywhere **(5)** _____ go. One of our projects will be presented in a museum in the city centre. That's why we are inviting our friends, family, and the community. I hope one of my pictures **(6)** _____ be chosen to be published in a science magazine.
