

Science Lab

4

9. Hologram

- Topic:** Visuals and projection
- Objective:** Students will learn to make a structure that can project visuals.
- Vocabulary:** project, visuals, structure
- Materials:**
- A ruler
 - A marker
 - Cold silicone
 - An old CD cover
 - Some cardboard

Development:

- **Read and look at the pictures.**

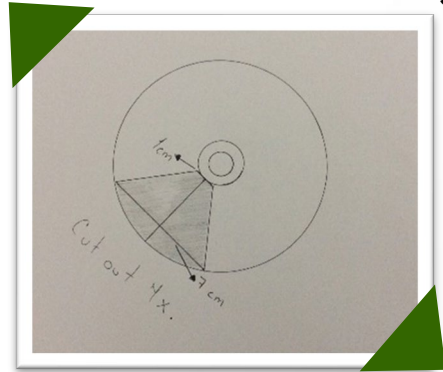

- Step 1.** Get the cover of an old CD and get it cleaned.
- Step 2.** Draw the template on the CD cover and cut the shaded part– you will need four pieces.
- Step 3.** Use some small pieces of cardboard and silicone to join the four pieces.
- Step 4.** Use some more silicone – add some in some resistance points.
- Step 5.** Set the structure on a cellphone and project different visuals.

Step 1.

Step 2.

Step 3.

Step 4.

Step 5.

Tell us...

Read and write YES or NO.

1. Everybody used cold silicon.
2. You made a hovercraft.
3. The experiment worked.
4. You played in teams.
5. A big box was needed for this experiment.

Glue a picture of your project finished!
